It was decided to have the managers post at least half of their forfeit by March 18th, and it was also settled that the league should consist of only four clubs. It was understood that there were others thinking of applying for admission, but because of having only two grounds to play on, and because the managers did not wish to split the proceeds between any more than four clubs, they decided that four was just about the right number for the league.

The Goldsmith ball was selected as the official ball, and the hour of 3.15 was selected as the time to begin all games. The umpires were instructed to permit no delays in the games, and were given the power to remove players from the game, while no one has a right to make protests of the umpires' decisions except the manager and the centain.

It was decided to present a gold medal, suitably inscribed, to the leading batsman in the highest number of games played.

John E. Fitzpatrick, formerly manager of the Open House team, was elected an additional official scorer, the other one previously selected being Henry Congdon. The meeting adjourned for two weeks.

WILKERSON WINS AT LEBANON. Got Two Out of Three Falls on Putnam Wrestler.

At Lebanon, Saturday night, before a large number of spectators, Kid Wilkerson of Lowell, Mass., got two falls on Kid Verboneau of Putnam, thus winning the purse. The Putnam boy secured the first fall with an arm scissors in twenty minutes and after a few minutes rest there was some lively work by both wrestlers, but Wilkerson showed his cleverness by pinning the Putnam wrestler to the mat with a full-nelson in nine minutes, and also got the last fall in 15 minutes with a double arm lock.

Kid Wilbur of Montville refereed and Ned Bergus of Lebanon was time keeper.

Gentillelo is a Wonder.

John Gentillelo of Bank street, who is banking on getting first prize in the Marathon race at the armory this month, ran from his brother Joe's store on Bank street, near Pearl, to Ocean Beach and back and then down again and back in 1 hour and 20 minutes. John and his brother Joe have the distance which John ran firmly established as 15 miles. John of course finished as fresh as a cool cucumber. Monday was a great day for Marathoners.—New London Telegraph.

John certainly has nerve to claim any such time for 15 miles, for he bacts the world if his time and distance are right. The world's record for 15 miles (professional) is 1 hour 22 minutes, made in England by J. Howitt in 1852, and the amateur record is 1 hour 20 minutes 43-5 seconds, by F. Appleby, in England, in 1902, and by Sid Thomas in 1892, according to the record books, and the best 15 miles made in America last year was in 1 hour 26 minutes 57 seconds, according to Preslednt Sullivan of the A. STOCK MARKET ANIMATED. Rapidly Rising Prices in United States Steel and Union Pacific.

New York, March 7.—Concerted operations for an advance on a larg scale were clearly—perceptible in the stock market today. The result was to disprove the favorite prognostication of the market based on the appearance of several factors that arous ed some apprehension. Unfavorable influences were entirely ignored in New York, although the market for Americans in London was slightly affected before trading began here. The walkout of wage earners in Philadel phia, the recurrence of decision day Americans in London was signify at fected before trading began here. The walkout of wage earners in Philadelphia, the recurrence of decision day in the supreme court at Washington and the unfavorable character of the weekly bank statement published after the market closed on Saturday caused not a ripple of anxiety apparently.

Large and aggressive accumulation and rapidly rising prices in United States Steel and Union Pacific had a sentimental effect on the whole list that overrode all other considerations Definite news was lacking to explain either movement. The movement of Steel suggested the resumption of market operations by the same organization which conducted the brillian campaign in that stock last year, Reports of revived demand for finished products of steel, especially structura material used in improvements of manufacturing plants, and the prospective demand from railroads suggested by the supply of resources secured by bond issues underlay the strength of steel. Union Pacific was favorably affected by the character of the day's testimony in the hearing of the government's suit against the merger. The recital of Union Pacific was favorably affected by the character of the day's testimony in the hearing of the government's suit against the merger. The recital of Union Pacific was favorably affected by the character of the day's testimony in the hearing of the government's suit against the merger. The recital of Union Pacific history by one of its bankers was read with profound interest in Wall street the more so as it touched on current affairs in the questions bearing on recent additions to holdings of Southern Pacific. No question was raised of a probable decision in the American Tobacco case at Washington, in contrast with the rule on preceding Mondays when the probability of a decision was as remote.

Although the stock market paid no attention to be beauty at the stock market paid no attention to be beauty at the stock market paid no attention to be beauty at the stock market paid no attention t

as remote.

Although the stock market paid n attention to the bank statement, the exhibit was the subject of intereste comment in other quarters. No ver exhibit was the subject of interested comment in other quarters. No very clear light was thrown on the unexplained decrease of upwards of \$10,000,000 in cash held by the clearing house banks, where an increase estimated up to \$3,000,000 was looked for. The suggestion was heard that the great sum of cash had gone into some one of the great private international banking houses. The purpose of such withdrawel remained a mystery. An arbitrary withdrawal of cash from the money market might be expected to raise the interest rate. The time loan market today, in fact, became notably strong, and the supplies offered sensibly diminished. The call loan market was not affected. The advance in foreign exchange halted, notwithstanding continued hardening of London discounts, and large sales here of stocks for London account. The day closed in the midst of great animation and all-embracing strength in the market.

Tennis association is upon record to-day as the challenging nation for the Dwight F. Davis international cup. In line with the decision reached at the annual meeting held here recently the Australian holders of the trophy were apprised by cable today that for the third successive year an American team would strive to wrest the blue ribbon of the tennis courts from their custody.

The international challenge of this year, the eleventh of the famous cup's history, promises to find the Americans making a more determined effort to win. It is planned to have the team selected as early as possible so that the four players may benefit from long practice. So far as is known England is the only other nation that will challenge.

HARVARD EIGHT SHIFTS. Stroke Newton on Probation and Goes

to Second Crew. An important change has been made in the order of the Harvard varsity crew, Cutler replacing Newton at stroke. Strong takes Cutler's place at 6, while Newton goes in at 6 in the second crew, where Strong has been rowing. Newton is on probation. Owing to the warm weather of last week which broke up the ice in the river the crews were able to get out last Monday, and since then the work has consisted of short paddles upstream every day, Coach Wray following the boats in a single. For the first two days the order of the varsity eight remained unchanged and the eight remained unchanged and the work appeared fairly smooth. The stern five worked fairly well together, but the three bow men were noticea-bly more ragged and not in swing with the rest of the crew. On Wed-nesday Bacon was forced to stop rowing on account of a sprained ankle, Metcalf replacing him at 5. G. H.

NO KNOCKOUTS NEEDED. Corbett Says Stop All This Rough Fighting.

Jim Corbett says if Wolgast and Nelson are matched to fight again he hopes the seconds of the one who is being battered down, if such a thing should happen, will not stand idly by and see their man slaughtered, such as was the case when the two boys fought a short time ago.

"Any man." says Corbett, "who wants two fighters to keep at it until one or the other is beaten into a pulp is not a sport, but a brute. It is absolutely unnecessary for such things to occur in the ring. All the public cares for is for the better boxer or fighter to win, and it does not require a knockout or even one drop of blood to be spilled those days to win a battle. We all know that the boxing game gets many a hard knock. Some of the criticism is fair and honest. Other is from prejudiced people.

"It should be the aim of level headed promoters and fighters to elevate the game, not drag it down. The referee has a right to stop any contest when it becomes one. Ided. He should not wait for the seconds to throw up the sponge. A fighter like Battling Nelson will stand up until his head is knocked off. It is wrong to permit him to be killed because he is game. Everybody loves a winner, but a man does not have to punish his opponent

Everybody loves a winner, but a man does not have to punish his opponent into a bloody mass to win a boxing match. Boxing is the fairest of all sports in proper hands."

UMPIRING FREAKS. Honest John Kelly Put One Over in the Old Days.

Speaking of the doings of the veteran umpires, an oldtimer claims that Honest John Kelly is entitled to the record for freak doings among the indicator handlers. Back in the American association days in a game played on the old Union grounds in Allegheny, Galvin was pitching for Pittsburg against Casey of the Athletics, Kelly was the umpire. In the ninth inning, with the score 5-0 ip favor of the Athletics, the first man up for Pittsburg made a home run hit to center, and the visiting team at once set up a claim that it was too dark to play.

The center fielder came all the way in and pretended that he could not see the ball in the gathering darkness. "Here," said Kelly, "give me a glove," and with that he started for center field. "Tu see how dark it is out there," he said. "You, Casey and Galvin hat me and far." Players field. Speaking of the doings of the vet-

spectators gasped in wonder, but Kelly nade good his bluff. He went out to deep center and—with the smoke of the mills lying deep about him—actually caught ten or fifteen long line drives and high flies from the bats of the two pitchers, without missing one.

Then the umpire came in, and, taking off his glove, said: "Play ball: if I can see 'em out there, you fellows can." The game was resumed, and the Pittsburgs won in a great batting rally by 6-5.

Parry Thackara, a former Meriden, Waterbury and Holyoke backstop, has come to terms with the Savannah club of the South Atlantic league. Hartford has 11 dates filled for the preliminary work of its Nutmeg league aspirants. The members of the team have been ordered to report on April

Tacks Delaye, the former North-ampton pitcher, has signed up with the Davenport club of the Three I league, to which club he was traded

for Pitcher Bill Fleet. Shamokin Kelly of pleasant memory has been reappointed a member of the New York State league's umpiring corps. McLeod, another former Nutmeg arbitrator, will work in the same circuit this year.

Johnny Wanner, second baseman for the Hartford club last season and farmed out to Memphis in the Southern league by the New York Americans, has come across with his signed contract to the Memphis management. Miss Myrle Rowe, a comely miss of

18, has signed to cover first base for the Antler Athletic club of New Ken-sington, a semi-professional team. This is Miss Rowe's third year with the Antlers, and both her fielding and batting average are said to rank high.

The National Baseball commission has dismissed the claim of the California baseball league to Player Charles Friend of the Philadelphia American league club, because the player was signed before the California league was admitted to organized baseball.

baseball.

Elily Hamilton, the Lynn helmsman, says he does not know what he will do with Tom Tuckey, the former Meriden southpaw, who went to the Boston Nationals two seasons ago, if the report is true that Tuckey is to return to his team this coming season. He says the story was evidently inspired by Tuckey himself, as he has heard nothing from the Boston magnates regarding the twirler. If satisfactory arrangements can be made, James (Steamer) Flanagan, the former Connecticut leaguer, now the property of the Buffalo Eastern league club, will manage the Elmirateam in the New York State league the coming season. It is understood that Buffalo will give Flanagan his release and farm out surplus talent to

Bright and Steady

A bright and steady light depends upon the

construction of the lamp. The best skill has put forth its best effort in perfecting the Rayo Lamp.

As the air is fed to the flame-so does the light burn. The easy-flowing current of air through the air-tube of the Rayo Lamp secures a uniform light, with never a flicker or flare.

The ideal family lamp. Made of brass throughout and beautifully nickeled.

The Rayo is a low-priced lamp, but you cannot get a better lamp at any price. Once a Rayo user, always one
